Start right by calling the new

President's name Rosevelt. That

is the way he pronounces it.

Teddy may have his faults but

he will put a stop to Hannaism.

There will probably be no more

talk of Hanna for President in 1904.

One-third of our Presidents since

he war have been assassinated.

For a record of 40 years, this beats

Russia or any other foreign coun-

try.

Czolgosz is in the Erie County

penitentiary. He will be indicted

this week and put on trial within

fifteen days. His electrocution will

not be long delayed.

President's Roosevelt's first official

act was to issue a proclamation

appointing Thursday Sept. 19 as a

day for memorial services and

prayer.

Judge Rodney Haggard, of Win-

chester, committed suicide Satur-

day, shooting himself in the mouth

with a pistol. He was one of "Mor-

gan's men," and had been sheriff,

state Senator and county judge.

The new President has been

married twice. He has a grown

daughter by his first wife, Miss

## Catarrh

It is a constitutional disease. It originates in a scrofulous condition of the blood and depends on that condition. It often causes headache and dizziness, impairs the taste, smell and hearing, affects the vocal organs and disturbs the stomach.

It is always radically and permanently cured by the blood-purifying, alterative and tonic action of

## Hood's Sarsaparilla

This great medicine has wrought the most wonderful cures of all diseases depending on scrofula or the scrofulous habit.

Hood's Pills are the best cathartics.

## THE NEW PRESIDENT

Theodore Roosevelt is five years younger than any other man who ever filled the office of President. He is only 43 years of age, but has made himself famous in three different walks of life—literature, politics and war. There is in his character much to admire. He is honest, fearless and straight-forward. He is blunt and abrupt in his methods and has a head of his own. He is on record as having offered protection to one of the assassins of Gov. Goebel, personally introducing him to the Philadelphia convention. But things have changed since Goebel died. Another ox has been gored. As President, Col. Roosevelt will have to deal with the question of "government by assassination" as a national evil and not merely as a Kentucky question.

We believe he will rise to the emergency and lend his powerful aid in bringing to punishment the whole breed of assassins, whether they kill Mayors in Illinois, Governors in Kentucky or Presidents in New York.

The new President is also on record as an enemy to trusts and if he will rid the country of these evils during his administration he will find enough to do to keep him from picking quarrels with foreign countries. Let him purge his cabinet of trust attorneys, put friends of the people on guard and the whole country will applaud his efforts to bring about this era of reform.

A correspondent of the Messenger in a recent issue made a bitter attack upon Prof. F. H. Renshaw, the Democratic Fusion candidate for School Superintendent, saying among other things that "Prof. Renshaw is entirely out of touch with the common schools of the county and did not take an interest in them or visit them sixteen years ago when he was superintendent of the county."

As a matter of fact Prof. Renshaw was not in office 16 years ago. He was superintendent from 1886 to 1890 and has therefore been "in touch" at least four years within the time specified.

During Prof. Renshaw's term of office much of the work was office work, such as compiling reports from information furnished by teachers. His successor in office, Prof. Froge, adopted the policy of visiting the schools in person, this being made possible by a system of blanks for filling out reports without so much labor.

It is not surprising that Prof. Renshaw's character has been assailed by a party whose corrupt methods has driven hundreds of good men away from its ticket. But the people will "love him for the enemies he has made."

## EAR PARTIALLY SEVERED.

Painful Accident Befalls Mr.

Dulin—Mrs. Meacham Dead.

Crofton, Ky., Sept. 16.—Mr. M. V. Dulin, while returning home from Crofton Friday evening, met with a painful accident. The mule he was driving to his buggy ran away and he was thrown out of the vehicle, sustaining some very bad bruises. One wheel passed over one of Mr. Dulin's ears and the member was partially severed from his head. He is confined to his bed, but hopes to be out in a few days.

Mrs. Volney M. Meacham died Saturday night about 7 o'clock, after an illness of several months, of consumption. She was 31 years old and had been a member of the Methodist church for several years. She is survived by a husband.

The funeral was preached to-day by Rev. H. C. Becket, of Hopkinsville, and the interment took place in the Joab Clark burying ground, near this place. NITRAM.

## THOMPSON-JACKSON.

He Owes His Life to the Forethought of a Companion.

While on a camping trip in Webster county, Mr. S. I. Stump, of Normantown, W. Va., had a severe attack of bloody flux. He says, "I firmly believe that I owe my life to the forethought of one of the company who had taken along a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy." Moral.—Procure a bottle of this remedy before leaving home. It cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamship, and at such times and places it is most likely to be needed. The safe way is to have it with you. Thousands of travelers never leave home on a journey without it. For sale by all druggists.

## Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Hallway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by all druggists.

## Fair And Cooler.

Louisville, Ky., Sept. 16.—(Special.)—Fair and cooler to-night and Tuesday.

## Bird-Shot For Tiger.

No use to hunt tigers with bird-shot. It doesn't hurt the tiger any and it's awfully risky for you.

Consumption is a tiger among diseases. It is stealthy—but once started it rapidly eats up the flesh and destroys the life. No use to go hunting it with ordinary food and medicine. That's only bird-shot. It still advances. Good heavy charges of Scott's Emulsion will stop the advance. The disease feels that.

Scott's Emulsion makes the body strong to resist. It soothes and toughens the lungs and sustains the strength until the disease wears itself out.
